

Dress Code Policy input for the board

-Looked at the changes made from other SCC's to approve the changes. Discussed whether or not we wanted to keep the changes. We approved the proposed changes to the dress code.

Discuss professional development expenditures needed to support goals-

-The school report cards are moving to measuring the school based on growth goals. Lori discussed the proficiency goals for the school. Talked about a push in model for interventionists in reading. Discussed the projects that we have proposed for land trust fund money. Planning to send teachers on field trips to observe other teachers in order to give teachers support with ELA instruction and planning. Providing money for professional development. Discussed a project that Stephanie Heil will need a set of iPads for the STEM curriculum for the entire school. Right now Mrs. Heil is borrowing iPads from grade levels. The ed tech for our school is getting a quote for 15 iPad minis and a cart to go with that. The plan was approved.

Discuss Child Access Routing Plan (SNAP) if applicable-review plan

-Working on a problem that has come up year after year. There is not a safe walking route for students at the sunset ponds area. Parents would like a bus stop at this area. The cross-walk near the Trax station is also a possible solution. Lori discussed the possible solutions for the problem and stated that she would enter the SNAP plan.

Falcon Awards-discussion and input

-The SCC meeting said that if teachers are not feeling that the Falcon Award is necessary then that is ok. The council feels that it would be fine to not have the award.

Will get the SCC roster updated and add minutes, etc...

Discussed the Falcon Logo Reveal party for the community. Need to get promoting the event. Jason is going to check on the Food Truck League to see if we can get more food trucks for the even. Brainstormed ideas to get the community to come to the event.
