2. Land Trust Plan for 2017-2018

In addition to goal to goal for younger grades based on diebels, add goal for older grades for Lexile score growth.
- Receiving \$10,000 of additional funds for next school year and ongoing.
- Proposals on plan for using allocation:
 1. Math intervention for 3rd, 4th, and 5th grades. SCC agreed that this would be a good use of the money.
 2. We would also be able to use \$200/teacher (16 hours) to prep. math intervention games, etc. for use in the classroom.
- SCC approved allocating two PD days for each teacher in the summer who wanted to work on developing activities for Math Intervention and small group instruction.
